## The Evolution of a Department Chair Leadership Program

The diagram is a horizontal timeline with a light blue arrow pointing right. It features several milestones marked with colored circles and icons:

- 2001 – present:** UW local leadership workshops for chairs (marked with a purple 'W' icon).
- 2004:** National Pilot (marked with a yellow circle).
- 2005:** Sloan-funded National Pilot (marked with a blue circle and a Sloan Foundation logo).
- 2006 – 2010:** PAID grant: LEAD workshop offered 2007, 2008, 2009 (marked with a blue circle and a 'LEAD' logo).
- 2013:** LEAD-it-Yourself! PAID grant (marked with a yellow circle and a briefcase icon).

Additional text includes 'Luce funding for film distribution' and a small photo of a workshop session.

## UW Thoughts on Workshop Speakers

- Have presenters use one (or a few) slide(s)
- Review all slides ahead of time
- Encourage presenters to touch base before session to prevent repetition
- Load talks onto **one** computer ahead of time

### More UW Thoughts on Workshops

- Have most sessions be a conversation
- Stay on track with your agenda
- Have diverse speakers and attendees
- Always be looking for good speakers
- Include good resources in binders

---

---

---

---

---

---

---

---

### LEAD-it-Yourself! Motivation

- Share expertise
- Exchange information
- Avoid reinvention
- Draw on national network
- Address diverse or local needs
- Teach “how to fish”
- Develop a **LEARNING COMMUNITY**

---

---

---

---

---

---

---

---

### LiY! Iterative Plan

Get buy in and feedback!

---

---

---

---

---

---

---

---

### LiY! Core Values

- Weave in diversity
- Learn from peers
  - Workshop planners
  - Workshop attendees
- Advance STEM faculty diversity & inclusion
- Keep things active

---

---

---

---

---

---

---

---

### Goals for T3 Workshop

- Help you plan your workshops
- Help us create an effective LiY! website
- Establish a user community
- First look at LiY! website tools and topics

---

---

---

---

---

---

---

---

### How Today Will Work

- Learn from peers
- Meta-process
- Explore

### Session Goals

- Identify what you want to get better at
- Practice in real-time
- Exchange promising practices
- Identify useful ideas to add to LiY! website

---

---

---

---

---

---

---

---

### Session Format

- Self-select to join topic of interest
- Identify key areas of concern
- Share promising practices
- Role play or try strategies in real time
- Spend 40 minutes in small group
- Report out insights – what would be useful to share back to LiY! website?

---

---

---

---

---

---

---

---

### Session Topics

- “Managing Speakers and Speaker Presentations”
- “Facilitating Case Study Discussions”
- Other topics from the group?

---

---

---

---

---

---

---

---

## Report Out

- Insights
- Ideas to share back out to LiY! website for future user community members

---

---

---

---

---

---

---

---

## WORKSHOP CREATOR

---

---

---

---

## Table Group Share Out (15 minutes)

With your table group share ...

- Green: What tools you currently use when planning workshops
- Orange: Any thoughts or ideas on tools we could provide to make planning workshops easier for you

---

---

---

---

---

---

---

---

## What we are working on ...

We have started building a tool--Workshop Creator--to help you plan and run your workshops and we need your feedback and ideas to continue the development process

---

---

---

---

---

---

---

---

## WORKSHOP CREATOR DEMO

Please wait until after the demo to use the tool yourself

---

---

---

---

---

---

---

---

### Pair Up & Explore the Tool (15 mins)

- Work with someone from your institution if you are here together; otherwise, please find a partner to work with
- Use one laptop and explore the tool
- Note: The tool is in a draft state so there are many parts that are not working correctly

---

---

---

---

---

---

---

---

### Feedback Brainstorm (20 mins)

- One idea per post-it note
- Brainstorm with your partner or your whole table, whatever works best for you
- We want all of your feedback, positive and negative (you won't hurt our feelings!)

---

---

---

---

---

---

---

---

### Feedback Brainstorm (20 mins)

Using different color Post-It notes and 1 idea per note, identify features of the Workshop Creator that:

-  Yellow: You found useful
-  Red: You would rarely or never use
-  Pink: You would like to have added or changed (try to avoid feedback on aesthetics)

---

---

---

---

---

---

---

---

## Thank You!

- If you enjoyed providing this feedback, please consider signing up for more usability studies
- We usually conduct usability studies remotely using Google Hangouts. They last about 30 minutes and we can work with your schedule
- You can also always email me your feedback [susan.ra.evans@gmail.com](mailto:susan.ra.evans@gmail.com)

## SOUNDING BOARDS

---

---

---

---

---

---

---

---

### What are Sounding Boards?

- Address a last burning question
- Peer feedback model
- Structured opportunity to work on own topic
- Based on model described in book *Every Other Thursday* by Ellen Daniell

---

---

---

---

---

---

---

---

### Sounding Boards Format

- Get into groups of 4-5
- Identify timekeeper for your group
- Each person gets **10 minutes** to work on an issue
- Timekeeper gives **warning when 1 minute left**

---

---

---

---

---

---

---

---

### Individual Time Format

- 10 minutes per person
- Describe issue. Share what has been tried (2-3 min)
- Specify **type of feedback wanted** (1 min)
- Peers ask clarifying questions and offer feedback (5-6 min)
- Make a **contract** at the end of your time to take action related to issue and include **timeframe** (1 min)

---

---

---

---

---

---

---

---

## Report Out

- Any insights to share with whole group?

---

---

---

---

---

---

---

---

## WRAP UP, EVALUATION, NEXT STEPS

---

---

---

---

---

---

---

---

## Final Takeaways

- Final Comments?
  
- What will you take back to your campus?

---

---

---

---

---

---

---

---

### What's Next?

- Offering your campus workshops
- Engaging this user community
- Building out LiY! website
- Usability studies
- Pilot institutions
- Program evaluation

---

---

---

---

---

---

---

---
